Dear Valued Customer:

SKC, Inc. sincerely values your business and continued support during the past years in some of the most difficult economic situations to date.

As you are aware the polyester film market continues to grow, in order to keep pace with this tremendous growth and demand, it is necessary that we implement a price increase minimum of \$.15/lb on our film products. This increase will become effective on all shipments beginning June 1, 2010.

We will continue to strive to exceed your expectations and maintain our commitment to being a valued manufacturer of polyester and specialty films. Your SKC, Inc. Sales Representative will contact you to provide additional details.

Thank you for your continued support.

Sincerely,
